Volunteer for Africa Medical Missions program

Introduction

The Volunteer for Africa Medical Missions program offers skilled medical professionals with the chance to experience a new culture and working environment, while learning and developing their specialized medical knowledge.

The Volunteer for Africa Medical Missions program is best suited to professional medical and medical students aiming to gain valuable experience in a medical hospital setting and learning more about tropical diseases.

Medical students gain practical medical and nursing experience as interns with our Uganda Medical electives placements. This is a very unique opportunity to gain first-hand experience working in Uganda. You'll also get to broaden your understanding of healthcare issues from another part of the world.

Introduction

Doctors on Mission international is a volunteer based non-for-profit fully registered organization uniting like-minded Christian medical teams with the aim of serving humanity with freely accessible,

About Us

Founded in 2023, Doctor's on mission international unites like-minded Christian medical teams to provide medical care to low limited setting communities while serving God and bringing healing to communities.

acceptable and reliable medical and surgical, needs to reduce the burden on medical care on the community while serving God and bringing healing to communities.

About Us

Uniting Christian medical teams with skills & training to provide free quality, accessible and acceptable medical care to low limited settings and conflict-stricken communities with lifesaving healthcare.

Our Vision

Uniting Christian medical teams with skills & training to provide free quality, accessible and acceptable medical care to low limited settings and conflict-stricken communities with lifesaving healthcare.

Our Mission

To enable free access to universal healthcare to all communities while bringing healing to communities and bridging the gap to healthcare needs.

Our Values

- Faith
- Love
- Voluntarism
- Integrity
- Team work
- Result oriented

Project Highlights

Taking rounds of the wards, maintaining files

- Getting actively involved in the daily work of the hospital
- Shadowing professionals' medics and assist whenever needed.
- Assist patients (getting them from one service point to another)
- Treating minor injuries, vaccinations etc. (depending on skills)
- Doing routine patient checkups like measure Blood pressure, pulse, check fever etc.

Doctors on Mission through its Volunteer for Africa Medical Missions program strives to improve the health conditions of children and adults in poor communities of Uganda through various medical and healthcare intervention projects including but not limited to Village Health Talks Outreaches (VHTO), Mobile Clinics Camps and so many other interventions.

Introduction

This project will take you to the heart of

Uganda where you get involved in meaningful volunteer work. The trip starts and ends in Uganda's capital Kampala. Volunteers joining the program will be based in different districts as selected on the preferred locations. One of the most common locations is Mbarara, city south of the capital, Kampala. Mbarara is 271.4km from the capital Kampala, which is a 5-hour road drive. It is one of the most relaxed and attractive cities in South-Western Uganda. Mbarara is a great place to stay if you want to explore South-western Uganda. It offers you a chance to explore games-parks, monuments and gorilla trekking in Bwindi Impenetrable Forest. Other Locations for Volunteer Medical missions include; Kampala, Jinja, Wakiso, Masaka, Mbarara, Kibuku, Ntungamo, Mitooma, Kisoro, Kabale and Isingiro.

Arrival & Airport Pickup

After you have booked and confirmed your placement, please book your flights to arrive at Entebbe International Airport (the only international airport in Uganda). Our Coordinator will arrange a pickup for you from the airport in Entebbe at agreed time and they will drive you to the volunteer entry homes on the outskirts of Kampala.

Orientation

Orientation and Placement will be done the next day. Generally, your volunteer orientation is an overview of the project's mission, expectations and introduction to the local community and project site. Following your arrival in Uganda you will be given a presentation by the co-coordinating project team to prepare you for the work you will be doing.

Key achievements

Project Details!

Your exact role within the hospital or clinic at the Volunteer for Africa Medical Missions program will be determined by your level of medical experience as well as by the enthusiasm and effort which you show to the local staff.

Pre-university interns usually start by observing the doctors and nurses. You may find more practical opportunities arise once you get to know the local staff and if you can demonstrate a good understanding of local medical conditions.

Doctors on Mission International through its Volunteer for Africa Medical Missions program supports small community health centres in rural and hard to reach areas and also has a standing partnership with large government hospitals in Uganda. We offer short- and long-term medical volunteering placements in hospitals, clinics, outreach centres and mobile clinics.

Placements are available in areas of Dentistry, HIV & AIDS, Medicine, Midwifery, Nursing, Pharmacy, Physiotherapy, Psychology, Radiography and Veterinary, which ever you choose you will be provided with the best tools so that you can do your job as best as possible.

If you are currently studying or recently graduated, the Volunteer for Africa Medical Missions program will boost your resume / CV and allow you to help people in the developing world. Lots of people apply every year and this Volunteer for Africa Medical Missions program is perfect if you are planning a career in medical services.

Volunteers with professional credentials, or those currently enrolled in medical/nursing school are welcome. The type of hands-on work you will be allocated will depend to an extent on your own abilities and capabilities, which is understandable given that you will be dealing with patient health and safety.

Facilities within the hospitals and clinics are basic and treatments are sometimes not of the standard we would expect in developed world. You should be prepared to see some shocking cases, and try not to get emotionally involved with the patients. Your working hours will usually be decided on a weekly basis and most volunteers work from Monday to Friday and have the weekends free.

Medical Licenses for medical practitioners

DOCTORS ON MISSION

All qualified medical practitioners will have to pay for a temporary licence with the regulatory bodies in Uganda; i.e. Uganda Medical & Dental practitioners Council for doctors/surgeons/dentists, allied Health professionals council of Uganda for diploma medical courses and laboratory practitioners, and Uganda Nurses & midwives council for Nurses and midwives.

Medical donations from abroad

A list of all medical donations from abroad must be sent to National drug authority for review 1 month before arrival; A letter of exception of tax will be accorded for charitable items by Uganda Revenue Authority.

Group Volunteer trips

Get some friends together or organize a group from your school and embark on this incredible adventure! Discounts are offered on any group of 5+ participants on Volunteer for Africa Medical Missions program. Find out more information on our website

Volunteer accomodation

Volunteers are provided accommodation in our beautiful volunteer house or in a homestay accommodation managed by the local coordinating team. Three meals a day (Breakfast, Lunch and Dinner) are provided to the participants from Mon –Sun.

The accommodations are neat and clean. Accommodation is shared amongst volunteers on the 'same gender sharing' basis rooms. Wifi internet, warm water is provided by Doctors on Mission International.

The accommodations are close to useful amenities like banks, ATM's, currency exchanges, restaurants, cafes and shopping places. All placements are around 5 – 30 minutes from the accommodation. At some point volunteers might be on the move and

and hence we suggest also bringing a sleeping mat and sleeping bag/pillow for travel and weekends away on adventures.

Bathrooms are usually shared. There is a lounge area for relaxing, reading, or watching movies.

Age Requirement

Our program is for anyone sixteen years and above who loves service above self and social experiences with people from all over the world.

We also accept volunteers of 15+ years of age if they are in a group with a guardian or supervisor above 25 years.

Volunteers under 15 years old are only considered when accompanied by a parent/guardian. There isn't a maximum age limit, though a reasonable fitness level is necessary.

Families are encouraged to apply and are welcome!

“ Families are encouraged to apply and are welcome.”

Visas

Visitors to Uganda must obtain a visa on arrival to Uganda or from one of the Ugandan diplomatic missions, unless they come from one of the visa exempt countries. All visitors must hold a passport valid for 6 months. Uganda began issuing electronic visas (e-Visa) on 1 July 2016. Passengers who have been issued an e-visa must travel with a printed e-visa confirmation. Visa on arrival: Electronic visas replaced the visa on arrival facility.

Apply for Uganda Tourist Visa Here.
